concerning grants and procedures. The proper flow is as follows: citizens must discuss with Anthony when wanting to request a grant. This is because some grants may require matching funds. Anthony will go to the parks and recreation board for a vote. After the vote, the request must go to the County Council regardless of the outcome with a reason being given. The council will have a final discussion and/or vote. Anthony will send out a grant manual to every member of the board.

At 6:54 PM. Jamie made a motion to adjourn. The meeting was ended.
