### **RFQ 2324-21 Construction Services, IDC**

#### **Questions and Answers:**

1. Can you provide me with more details re: work zone monitoring portion of the scope of work for RFQ 2324-21.

*A. Work Zone Monitoring consists of Inspection of traffic control, material sampling, and ensuring the workmanship and materials meet SCDOT Specifications.*

2. Is a fee schedule required?

*A. Yes, your fee schedule will be your hourly rate for your employees such as your different levels of engineers and your admins.*

3. In Section V. Scope of Work/Specifications, can you explain what environmental compliance and work zone monitoring entails? Additionally, what other inspections would be needed?

*A. Environmental Compliance and Work Zone Monitoring consists of Inspection of traffic control, material sampling, and ensuring the workmanship and materials meet SCDOT Specifications. There shouldn't be any additional inspections needed.*

4. How many firms does the county plan on awarding the contract to?

*A. Just one firm.*

5. Is there a specific project type that is anticipated to be released under this contract?

*A. This project will be using C-Fund monies from the State.*

6. Will we need to submit on every service listed under the scope of work or are partial service submittals acceptable?

*A. We will need a firm that can perform all services on the RFQ.*

7. Please specify the time period for this contract.

*A. This contract will start July 1, 2024 through June 30, 2026.*
