## A note from Luck Companies:

Since becoming a member of the South Carolina business community in 2018, our family-owned company has created strong and lasting relationships with business partners and community members. Luck Companies has been welcomed as an active participant in the **Kershaw County, Fairfield County, and Spartanburg County**

communities. Growth through new locations provides Luck Companies the opportunity to expand our mission of igniting human potential and positively impacting the lives of others.

Chester is uniquely positioned for growth, with proximity to natural resources and economic trends in the county's favor. We want to support this growth with locally produced, high-quality materials and development that can serve as the county's foundation. Our excitement for a potential partnership with the Chester County community led us to our previous application effort which began in 2019. However, prioritizing health and safety during the pandemic and feedback from the community led us to withdraw our application in 2020. We have used the past two years to engage with and learn from community residents, schools, business owners and non-profit organizations. This time has provided us the opportunity to finalize the purchase of the land considered in our previous application, introduce additional property in Chester County and solicit input and approval from the state agencies responsible for regulating our three business units.

The community's input and Chester County's updated Comprehensive and Economic Development Plans have informed our revised approach. Luck Companies has prepared a new application which aligns to community goals, passions, and culture.

Our project will create:

- local jobs
- tax revenue for the county
- outdoor recreation areas for the community
- a community impact fund
- business park and retail space

Key amendments to our application include:

- **Down-zoning an adjacent parcel** to provide additional buffer from a northern residential neighborhood and facilitate agricultural education opportunities
- **New development to accommodate a market void** of medium square footage business park space
- **Large dedicated acreage** for governmental use, developed in coordination with the Board of Commissioners, and structured to facilitate citizen tax dollar savings

We are inspired by the opportunity to be longstanding members of the Chester community and look forward to continuing our conversation. We remain committed to collaboratively working towards a sustainable development plan that benefits Chester County now and for generations to come.

Sincerely,

Ben Thompson,  
Director, Greenfield Development

8. Water Well Impacts. Upon submission of a formal complaint by an adjacent property owner or as requested by the County, pursuant to the State Mine Permit DHEC shall determine if any activity associated with Mining Operations has caused a well or wells on the adjacent property owner's land to become dry. If DHEC determines that Mining Operations has caused the drying of the property owner's well, Operator shall be responsible for providing an alternative water source (e.g., drill well deeper, new well, or connect to public water source at the discretion of Operator) for the aggrieved party at Operator's expense.
9. Blasting.
  - (a) Blasting Data shall be monitored and recorded for all blasts, shall be maintained on-site at the scale house for a period of three (3) years and shall be made available to County zoning officials for review at the scale house. The property owner shall have the right to supervise the inspection by the third-party consultant and shall be provided with a copy of the consultant's report.
  - (c) Ground vibration caused by blasting activity shall not exceed the maximum peak particle velocity allowed pursuant to South Carolina Code of Regulations Section 89-150(E) as measured at the immediate location of any dwelling, public building, school, church, or commercial or institutional building existing as of the date of approval of the Special Exception to allow Mining Operations. ## A note from Luck Companies:

Since becoming a member of the South Carolina business community in 2018, our family-owned company has created strong and lasting relationships with business partners and community members. Luck Companies has been welcomed as an active participant in the **Kershaw County, Fairfield County, and Spartanburg County**

communities. Growth through new locations provides Luck Companies the opportunity to expand our mission of igniting human potential and positively impacting the lives of others.

Chester is uniquely positioned for growth, with proximity to natural resources and economic trends in the county's favor. We want to support this growth with locally produced, high-quality materials and development that can serve as the county's foundation. Our excitement for a potential partnership with the Chester County community led us to our previous application effort which began in 2019. However, prioritizing health and safety during the pandemic and feedback from the community led us to withdraw our application in 2020. We have used the past two years to engage with and learn from community residents, schools, business owners and non-profit organizations. This time has provided us the opportunity to finalize the purchase of the land considered in our previous application, introduce additional property in Chester County and solicit input and approval from the state agencies responsible for regulating our three business units.

The community's input and Chester County's updated Comprehensive and Economic Development Plans have informed our revised approach. Luck Companies has prepared a new application which aligns to community goals, passions, and culture.

Our project will create:

- local jobs
- tax revenue for the county
- outdoor recreation areas for the community
- a community impact fund
- business park and retail space

Key amendments to our application include:

- **Down-zoning an adjacent parcel** to provide additional buffer from a northern residential neighborhood and facilitate agricultural education opportunities
- **New development to accommodate a market void** of medium square footage business park space
- **Large dedicated acreage** for governmental use, developed in coordination with the Board of Commissioners, and structured to facilitate citizen tax dollar savings

We are inspired by the opportunity to be longstanding members of the Chester community and look forward to continuing our conversation. We remain committed to collaboratively working towards a sustainable development plan that benefits Chester County now and for generations to come.

Sincerely,

Ben Thompson,  
Director, Greenfield Development
